

# Effectiveness of Therapy

## Questionnaire Results

Out of 22 discharged patients who...

- **73%** made it to every appointment and
- **95%** did their home exercises 2-7 times a week...
  
- **59%** feel they are back to their prior level of functioning
- **77%** said that treatment reduced 50% or more of the pain they were experiencing.
- **91%** thought therapy was helpful to their recovery (32% said extremely helpful)
- **100%** would want to have therapy for future injuries

## Comments

- Choice Therapy gave me nothing but first rate service explanations and attention. Fun people to work with!

- Choice Therapy is the best I've ever been to, you are not just an insurance claim.
- I have suggested Choice Therapy to any and all of my friends who speak of aches and pains etc etc.
- I completely enjoyed Choice Therapy's staff! I know I was able to better function after Occupational Therapy.
- Choice Therapy was very helpful in the recovery and to better understand the injury I sustained.
- This was my first experience with physical therapy. It worked for me and would highly recommend physical therapy and Choice Therapy to others. Thank you!
- Excellent!!
